OUR FUTURE HOME

2700 SE 67TH AVE, PORTLAND OREGON

Through an incredible act of generosity, Rose has been given a church building and property to steward for the future. Located off of 67th and Division, this beautiful church building located on 10 acres will continue driving the vision of Rose forward.

Give Today

HOW WE GOT HERE

In April 2026, we took a step of faith and began pursuing the purchase of a new building for Rose. We believe it was time to make room for what God was doing in our church, so we stepped forward in faith, trusting Him with what came next.

A few months later, that door closed. But within hours, another one opened. In a turn of events we never could have planned, we were given a church building in Southeast Portland. What began as a step of faith has led to an opportunity greater than we could have imagined and a new home for Rose.

A LOOK AT THE SPACE

THIS NEW HOME GIVES US

MORE ROOM FOR PEOPLE

FOLLOW THE JOURNEY

We're currently in the design phase, thoughtfully planning how our new home can support the future vision of Rose. This season is about preparing for what's ahead and making the most of the space we've been given as we continue to grow and make room for more people to encounter Jesus.

Design Phase Includes:
Architectural + Space Planning
Permitting + Construction Plans
Kids + Youth Spaces
Sanctuary + Gathering Spaces

RENOVATION

MOVE IN

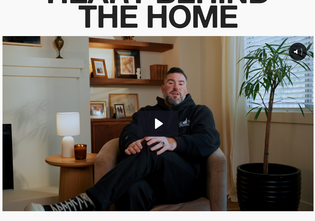
BUILD WITH US

What began as a plan to purchase and transform a building has become something we never could have imagined. Our new home has been given to us, and because it's already a functioning church, the resources we've raised can go directly toward preparing the space for our church and investing in its future.

This property gives us room to think beyond what we need today.

As we renovate and make it our own, we're also laying the groundwork for what Rose can become in the years ahead, creating greater capacity to serve people, families, and the city of Portland for generations.

HEART BEHIND THE HOME



FAQS

Where is our new home?
Our new home is located at 2700 SE 67th Ave. in Southeast Portland, just off SE Division Street. The existing church sits on nearly 10 acres of property, with 4.5 acres of developable land, giving us room to serve our church today and grow for the future.

When will we move in?
Renovations are expected to take approximately 9–12 months. We'll continue gathering at our current location throughout construction and will share a move-in date as the project progresses.

What renovations are planned?
Our first phase will focus on preparing the existing building for Rose, including Kids + Youth spaces, the sanctuary and gathering areas, bathrooms, and other essential improvements. This phase also includes architectural and space planning, permitting, and construction plans.

What happens to our current building (OLG)?
At this time, we have no plans to sell our current building. We'll continue to steward the space and use it for ministry as the needs of our church grow and evolve

How much will the project cost, and how can I give?
We currently estimate $3.5–$5 million to complete the planned renovations, with the goal of completing the project debt-free. Beyond this initial phase, we have plans to continue developing our nearly 10-acre property as funds allow. You can be part of building what's next through a one-time gift or ongoing generosity.

Can I donate materials, supplies, or labor toward the new building?
Yes! We've had many people ask about donating materials, supplies, or skilled labor toward our new home. If you or your business may be able to contribute things like paint, carpet, steel, construction materials, equipment, or professional services and labor, we'd love to hear from you.

Fill out the form below to let us know what you may be able to contribute. As renovation needs are identified, our team will reach out if there's an opportunity to use your donation.

STAY UPDATED

We'll share updates throughout the renovation process, including construction progress, important milestones, and what's ahead. Sign up for Building Updates to have the latest news sent directly to your inbox.

WAYS TO GIVE

Our new home is an incredible gift, but there is still work to be done. Your generosity will help us renovate the existing building for our growing church family and prepare the property for future expansion, creating room for more people to encounter Jesus for generations to come.
